» Epping Forest College: Making it in the music industry with NUMU

Epping Forest College have introduced NUMU, a collaborative platform for music, to a group of their Level 2 Music students. The students use NUMU to share their compositions and productions, to peer review and comment on each other's work, and to self-reflect, and set targets using their bloglog.

» Upcoming e-Learning case studies

Chelmsford College

The college has created real work experience opportunities for IT students by asking them to create animations to promote their new Library Management System. As a result the students have learnt how to deal seriously with client contact and face to face consultations, work to a brief and complete work to deadlines.

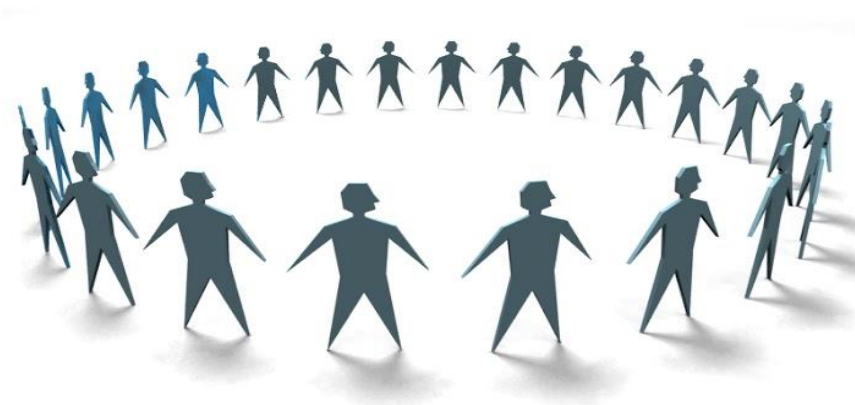

Southend ACL – Moodle with Foreign Language students
