The Organisational Response

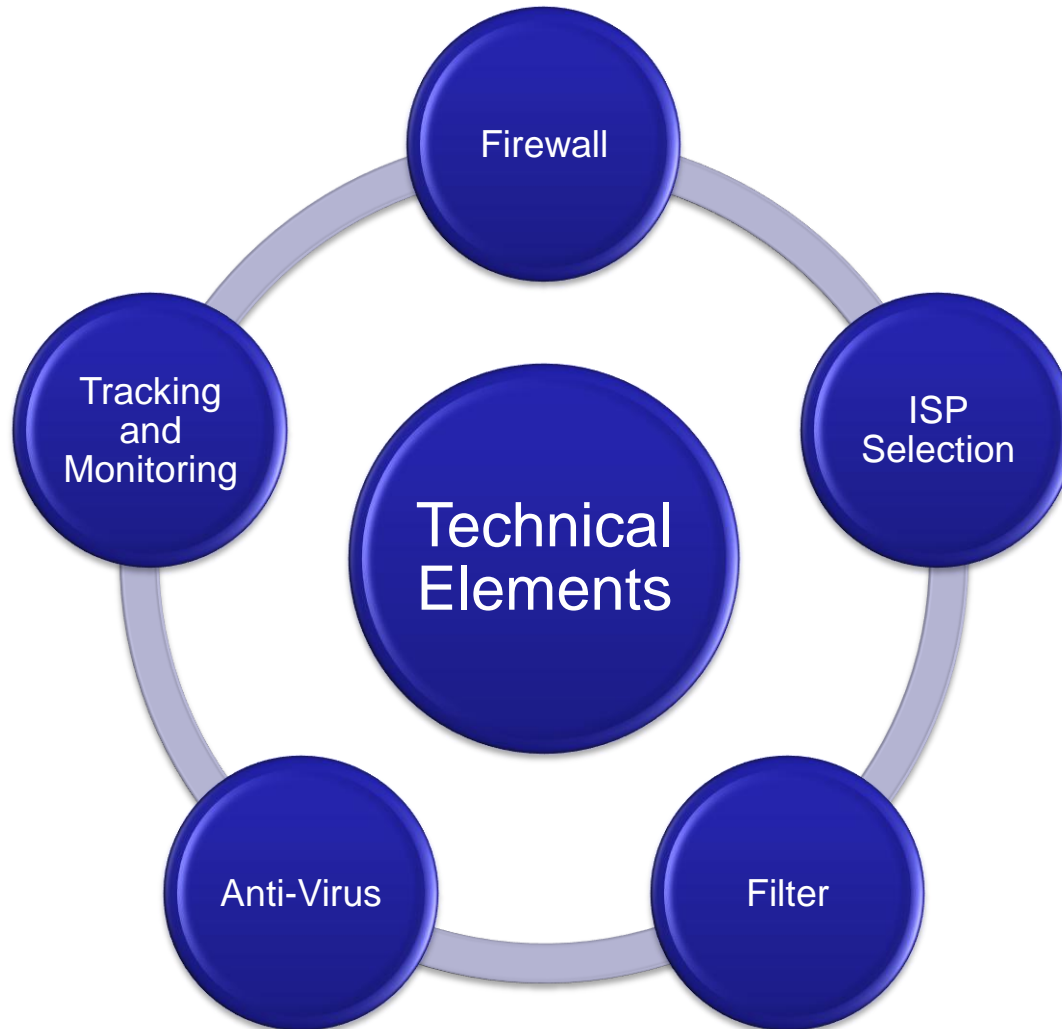

E-Safety policies and practice

- The AUP has to be clearly communicated to everyone, preferably through staff and student contracts.
 - For one way of doing this see [Excellence Gateway](http://excellence.qia.org.uk/134659)
<http://excellence.qia.org.uk/134659>
- Needs to be compatible with Janet AUP
- Needs to be compatible with JISC legal advice
- Aims, scope and prohibitions should be in clear English.
